

Safeguarding Together: Raising Training Standards in West Sussex

The West Sussex Safeguarding Adults Board is holding a roadshow in Crawley, which is one of four local roadshows across West Sussex. The main aim is to share our newly developed training standards to work together to look at how these standards can be embedded across all health and social care services.

These events would be particularly beneficial for managers and senior staff delivering health and social care services within the Private, Voluntary and Independent (PVI) Sectors.

The roadshow aims to:

- ✓ To raise understanding of the role of the Safeguarding Board in West Sussex
- ✓ To gain a better understanding of safeguarding, abuse and neglect
- ✓ To share newly developed training standards for safeguarding
- ✓ To explore local authority training opportunities through the Learning Gateway
- ✓ Making Safeguarding Personal in your workplace (Safeguarding Champions)
- ✓ To identify ways of working in partnership both now and in the future
